

My Bible Notes

My Bible Notes is what I use to help me study the Bible. As I read a chapter or a few verses of the Bible, I write down the things I learn to help me organise my thoughts, record what I learn, and remember better.

First, I prepare my mind and pray to the God of heaven for an open heart, clear mind and wisdom to receive truth and new understandings. My aim is to know God more and to find something that will help me in my daily life.

Secondly, I write the date, the book, chapters and verses of the section I will read.

Then, I read through the passage once to get a quick overview. Then I go back and read it again slowly, taking time to understand each part. I may refer to other parts of the Bible, other Bible notes or books to help me understand it.

Summary: a brief description of the story, or the contents or description of the chapter or verses.

Notes: new or important things I learn, cross-references to other Bible verses, or anything else you want to record.

About God: new or important things I learn about God or about Jesus, God's Son.

For My Life: things in the Bible that will help me in my life; something to remember throughout the coming day.

Finally, I pray, opening my heart to God, sharing what is on my mind, strengthening my relationship with Him.
